Experience

Personalkollen, Linköping
February 2025 - August 2025

Part-time job, and summer internship, working as a full-stack web-developer. During this time i got to work with frameworks such as Django, React, AngularJS, HTPY, HTMX and more.

Mindroad AB, Linköping
June 2024 - August 2024

Summer job where I assisted in designing the course material for a React Native course. In addition to this, I was also tasked with debugging a CMake build script for a previous thesis project at the company.

Assistant at Linköping University
During my studies, I worked part-time as a teaching assistant for several programming courses. My responsibilities included supervising lab sessions, acting as a seminar instructor, and reviewing and assessing assignments and projects.

- **Functional and Imperative Programming, Part 1 & 2**
